Art Unit: 2872

the second and third optical regions respectively. The relief patterns are aligned in the manners set forth in the claims and the refractive indices of the optical regions and the factor for characterizing the thickness of the diffractive optical element are set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
